

**Proceedings of the meeting held on 25/02/2012, under the Chairmanship of Commissioner-cum-Secretary, Employment, Technical Education & Training Department, Government of Odisha in the Conference Hall of the Department to review the progress of Online Result Publication (e-Result) under project Council Automation System (CAS).**

---

The meeting was presided over by the Commissioner-cum-Secretary, Employment, Technical Education & Training Department, Government of Odisha. The list of members present in the meeting is Annex.

At the outset, the Vice Chairman, SCTE&VT appraised the members on the e-Governance initiative taken in the Council for better citizen service delivery to the Students / Parents / Institutions (ITI & Diploma) / Common Citizens using Information Communication Technology (ICT) in pre & post examination activities conducted by SCTE&VT for Diploma & ITI institutions in the state of Odisha. He told IDCOL Software Limited (a Government Nodal Agency for IT) has been entrusted the job to implement the project since 2009 under managed service methodology, which is running successfully. Through this software Council has already published the examination results for Summer Diploma 2009, Winter Diploma 2009, Annual AITT 2009, Summer Diploma 2010, Winter Diploma 2010, Annual AITT 2010, Supplementary AITT 2010, Summer Diploma 2011 & Supplementary AITT 2011. He expressed his satisfaction on the software. He further told that, there are certain problems in the software in terms of MIS reports generation which is very essential for better management of pre & post examination data. He also suggested the few changes in existing MIS reports and some new reports as well, which were noted by the IDCOL Software Limited (ISL) for further action at their end.

Joint Secretary of the Department appraised that, many complaints are being received from different sources that the calendar of activities which is fixed for SCTE&VT to conduct pre & post examination work such as Registration, Form Fill Up, etc is not followed sincerely, which causes harassment to the students and to the institutions as well. He also told that SCTE&VT should give the final certificate to the student within 7 days from the date of final publication of result.

The Controller of Examinations, SCTE&VT told that the following activities are to be addressed on priority basis for smooth functioning of the examination activities.

1. Flawless result publication of Annual ITI 2011 examination, PNTC Certificate Printing, recovery of ITI Database which got corrupted- recently due to frequent power failure reported by ISL.
2. Result processing & publication of Winter Diploma 2011, so that student can take their final certificate.
3. Online Registration, Form Fill up in Diploma & ITI institutions through the application software adhering to the strict dateline fixed by the SCTE&VT.
4. Necessary training to the computer people (at-least one from each institution) on the online Registration & Form Fill Up module.
5. maintenance of confidentiality of the answer scripts while coding, tagging & mark entry in the result processing at the council premises.

Deputy General Manager (ET), ISL stated that, as SCTE&VT does not possess the required expertise for implementation of e-Result, so ISL has been awarded the job. He further submitted that ISL has been implementing e-Result through its empanelled software agency since 2009 as ISL does not have adequate technical manpower to execute such a huge project independently. The overall supervision is being done by ISL but necessary software development, training, provisioning of infrastructure, project management support, creating & managing the IT platform, web security, etc for hosting of the result are being done by our empanelled implementing agency. But, ISL encounters procedural difficulties for implementation of the project due to following reasons.

1. SCTE&VT has not renewed the contract with ISL till date, after publication of Summer Diploma 2011 examination result.
2. The project has not been conceptualized with entire gamut of activities to be undertaken during its inception in the year 2009.
3. New problems/cases are cropping up in each year, with addition of more colleges with different streams.

The Commissioner-cum-Secretary sought for opinion of the Vice Chairman, SCTE&VT on the above issues placed by Deputy General Manager (ET), ISL before the Committee and wanted to know about the above issues. Vice Chairman, SCTE&VT opined that:-

1. In the 15<sup>th</sup> Council meeting, it was decided that SCTE&VT will carry the pre & post examination activities on its own. Due to inadequate resource, SCTE&VT has selected another vendor through open tender for answer scripts coding, tagging & mark entry.
2. Latter it was found that only answer scripts coding, tagging & mark entry is not sufficient to process & publish the result which needs large number of technical personnel, additional software modules, IT infrastructure, sufficient Internet bandwidth for result publication & its access through website ([www.sctevtorissa.in](http://www.sctevtorissa.in)) by students/institutions, etc.
3. It was earlier decided that SCTE&VT will develop its own Data Center to cater to the need of the application software for hosting & its management, but due to various reasons, data center has not be implemented.
4. Keeping in view of the above factor, Vice Chairman, SCTE&VT requested to take necessary suitable decision to overcome the above situation and smooth implementation & continuance of the project.

After detailed deliberation & threadbare discussion on the opinions of the Vice Chairman, SCTE&VT vis-à-vis the submissions of Deputy General Manager (ET), ISL were made in the Committee, the following decisions were taken.

1. All semester examination results of Diploma (Regular & Back) and All India Trade Test (Annual & Supplementary) results shall be published **within 45 working days from the last date of examination**. Necessary planning in terms of logistics, identification of evaluator, communication of evaluation schedule to the evaluator, etc shall be done beforehand to ensure timely publication of result as decided above.

2. Diploma institutions will send their Internal Assessment & Practical marks after each semester examinations through online only, using their user ID & password. After online submission, they will take print out the result sheet from the software and send to the SCTE&VT with signature & seal in each page of the Principal of respective institutions for record within 7 days.
3. **Final diploma certificate will be issued to the successful pass out student within 20 working days from the date of the final result publication.** A printer friendly (A4 Size Colour) pre-printed certificate will be prepared, printed & kept in stock by SCTE&VT with due consultation with the ISL. This shall be implemented from the ensuing academic session.
4. The calendar of activities, fixed to conduct pre & post examination shall be strictly adhered to by the council as well as by different institutions. In this regard necessary communication shall be made with the institutions through official letter, website & news paper by SCTE&VT on or before 03-Mar-2012 positively.
5. e-Result being a very critical, time bound & continuous process, it was decided that ISL will continue with the application software for publication of result (including stationary) and registration as per the previous agreed cost along with online form fill up through existing managed service delivery model from the Annual AITT 2011.
6. SCTE&VT will take up further necessary steps for **answer scripts coding, tagging & mark entry using their own resources only, as this is very confidential work** through the same application software developed & implemented successfully by ISL. Controller of Examinations shall issue an office order in this regard to use the ISL software & restrict the access permission to the result processing area.
7. In the mean time council is to take up meeting led by Joint Secretary, ET&ET with I.T. Department, STPI & OCAC for further course of action on feasibility to set up its own data center to host the application.
8. Technical representatives from ISL and SCTE&VT will further discussed together for resolving existing issues in the software as per the suggestion by Vice Chairman, SCTE&VT. The software modification shall be completed within 15 days by ISL.
9. SCTE&VT will nominate a designated technical person who will act as one point contact to discuss & materialize the further requirement on software with ISL representative under the supervision of Controller of Examinations of the council.
10. SCTE&VT will submit a proposal to the Department for conducting online Registration & Form Fill Up in time-bound manner on the following points by 15-Mar-2012;
  - ✓ **Online Registration & Form Fill Up will be compulsory for all the Diploma & ITI institutions under SCTE&VT.**
  - ✓ One government / reputed institution (Diploma / ITI) from each district shall be declared as nodal institution to supervise & give training on the e-Governance initiative taken up by the council. However, ISL will impart training to the nodal institution at central level.

- ✓ Detailed registration & form fill up schedule like last date of online data updation, fees submission through core banking system, registration card & admit card download from website, etc.
- ✓ Detailed guideline for Diploma & ITI institutions.

11. SCTE&VT will take necessary steps for wide media campaign on the new initiative through electronic as well as print media for awareness of student / parents / institutions / general public.

12. A Project Monitoring Committee (PMC) shall be constituted under the Chairmanship of Joint Secretary, ET&ET with the following members to ensure the smooth & timely publication of the result and citizen service delivery under this e-Governance initiative (e-Result). This committee may also suggest further improvement on project (Software & Process) to the Department time to time, if needed. This committee meeting shall be convened on monthly basis.

|---|---|-----------------|
| ✓ Additional Director, DTET             | - | Member          |
| ✓ Vice Chairman, SCTE&VT                | - | Member          |
| ✓ Secretary/CoE, SCTE&VT                | - | Member          |
| ✓ GM / DGM / DM, IDCOL Software Limited | - | Member          |
| ✓ Representative from STPI, Bhubaneswar | - | Member          |
| ✓ Representative from OCAC, Bhubaneswar | - | Member          |
| ✓ Controller of Examinations, SCTE&VT   | - | Member Convener |

The meeting ended with vote of thanks to the Chair and members present.

  
29.2.12  
**Commissioner-cum-Secretary**

**Members present in the meeting**

1. **Shri Ratnakar Rout, OAS**  
Joint Secretary to Government  
Employment, Technical Education & Training Department
2. **Shri Sangram Mishra**  
Additional Director  
Directorate of Technical Education & Training, Cuttack
3. **Shri Atul Kumar Sahu**  
Vice Chairman  
SCTE&VT, Bhubaneswar
4. **Shri Khestra Mohan Panda**  
Secretary  
SCTE&VT, Bhubaneswar
5. **Shri Bibhuti Bhusan Nanda**  
Controller of Examinations  
SCTE&VT, Bhubaneswar
6. **Shri Arun Kumar Maharana**  
Deputy General Manager (ET)  
IDCOL Software Limited, Bhubaneswar
7. **Shri Arun Kumar Mohapatra**  
Deputy Secretary  
SCTE&VT, Bhubaneswar
8. **Shri Subash Chandra Das**  
Deputy Manager (Systems)  
IDCOL Software Limited, Bhubaneswar
9. **Shri Rajendra Kumar Prusty**  
Senior Lecturer (Electronics)  
BOSE, Cuttack
10. **Shri Shyam Sundar Pattnaik**  
Section Officer (Diploma)  
SCTE&VT, Bhubaneswar
11. **Smt Sujata Moharana**  
Typist  
SCTE&VT, Bhubaneswar
